John:

Attached is Central Wire's initial response to EPA's comments dated 12/18/2013 on the Central Wire 2012 RCRA Corrective Measure Implementation Status Report that Central Wire submitted to EPA in October 2013. Responses are in blue italics. Generally where there is a question, the EPA comment was highlighted in yellow and the question is in the blue italics below the highlighted comment.

Regarding the conference call to discuss Central Wire's questions, we would like to do that as soon as possible and afternoons are preferable to Central Wire, also. Gerry can conference us all in so we do not need a dial in number. EPA has asked for a response by 2/16/2014 and I begin a week of travel on 2/15/2014, so the sooner we can arrange this call, the better it is for my schedule.

I look forward to discussing this with you.

Regards,

Jack
